## Democratic County Convention.

At a meeting of the Democratic Central Committee of Yolo County, held at the Court House in Woodland, on Saturday, the Eighth day of May, 1875, it was

Resolved, That a County Convention of the Democracy meet at Woodland on

Saturday, June 24th, 1875.

To elect SEVEN DELEGATES to represent the Democracy of Yolo County in the Democratic State Convention to be held at San Francisco on the TWENTY-NINTH DAY OF JUNE, 1875.

Resolved, That the vote polled for J. W. Bost in 1874, for State Senator, be adopted as the basis of representation in said Convention, and that each Precinct be allowed one Delegate for the Precinct, one for every twenty-five votes cast for J. W. Bost in said election, and one delegate for every fraction of twenty-five votes.

The following are the number of Delegates to which the Precincts are entitled:

|              |   |
|--------------|---|
| Washington   | 4 |
| Fairview     | 2 |
| North Graton | 2 |
| Buckeye      | 2 |
| Woodland     | 2 |
| East Graton  | 2 |
| South Graton | 2 |
| West Graton  | 2 |
| Cacherville  | 2 |
| North Putnam | 2 |
| South Putnam | 2 |
| East Putnam  | 2 |
| Merritt      | 2 |

Resolved, That the Democracy assemble in their primary capacity at the place of holding elections in the town of Woodland on the TWENTY-NINTH DAY OF JUNE, 1875, and elect delegates to said Convention.

Resolved, That all voters who are opposed to the present National Administration, and who will pledge themselves to vote for the nominees of the Democratic State Convention, shall be admitted to vote at the Primary Elections to be held under this call.

JAMES WALKER,  
Chairman Democratic County Convention.

DESTRUCTIVE FIRE.—A fire in Brooklyn, N. Y., on Monday last, destroyed property to the amount of over half a million dollars.

DEATH.—Charles J. Brennan, Mayor of San Francisco in 1851, and for a long time a leading business man, died in that city on the 10th inst.

VICTORIES IN WISCONSIN.—The results of the local elections in Wisconsin show a complete revolution. The Democrats won everywhere.

SOLANO PRIMAVER.—Primary elections will be held in Solano County on the 13th of June; the County Convention will be held on the 18th at Suisun.

DROWNED.—Three daughters of Perry Haslan were drowned in Sandusky river, Illinois, on the 10th inst., while attempting to cross in a wagon during the flood.

THE PROSPECT.—The Marysville Appeal says it is generally conceded that there will be a half a crop of grain in Yuba and Colusa, and three-fourths in Butte and Sutter.

LIVON MARKET.—To learn from the Sacramento papers that up to this time there have been more calls upon the Immigration Bureau for farm laborers than it has been able to supply.

WHO DID IT.—The Tat says that while Rosen was running on the Democratic ticket the people who contributed so liberally to the "expenses of his election" are for the most part Republicans and strict party men.

ASPIRES TOO HIGH.—The Bulletin referring to the aspirations of Hon. F. S. Freeman to the Governorship, mildly hints at what everybody here believes, that he is getting beyond his depth. A term or two in office does puff some men up terribly.

AS USUAL.—In Manchester, New Hampshire, every Democrat elected to the Legislature has been served with a notice that his right to a seat will be contested. The Examiner, referring to this, says it has not been learned whether the notices were ornamented with a skull and cross-bones.

TREASURY ROBBER.—Last Sunday night the Treasurer's safe of Amador County was opened and robbed of \$15,000. It is said the robber stole the Treasurer's pants from which he obtained the key and then had difficulty in opening the safe. Of course there is no clue.

REPUBLICAN CONVENTION.—The Third Congressional District Republican Committee met at Washington in this county on Tuesday.

THE \$30,000 THROAT.—This great trotting race between "Delland" and "Abbe Edgerton," came off as advertised over the Bay District Fair Track on Tuesday last. It is said that about \$50,000, exclusive of the \$30,000 stake, was wagered on the result of the race. Five heats in all were run, with the following result: First heat for Delland; time, 2:34; second, Edgerton; time, 2:36; third, Delland; time, 2:36; fourth, Edgerton; time, 2:36; fifth, Edgerton; time, 2:36.

STRENGTH HORRORS.—A few days since the magnificent steamship Schiller, from New York to Hamburg via England, was wrecked in a fog off the Sicily Islands and over three hundred persons were drowned and less than twenty saved. Another disaster occurred to the Steamship Cadix, near Brest, while on her trip from Lisbon, by which over twenty persons were drowned. Neither of us have an account of the blowing up of the steamer Senator, in Oregon waters, by which a number of lives were lost.

A GLOOMY VIEW.—Because Professor Martin is no longer at the head of the College Faculty, the Mat takes a very gloomy view of the future of that institution. This is easily accounted for, however, on grounds of personal relationship. There are doubtless other competent instructors whose services can be secured, and if all are determined to work for the best interests of the institution without regard to personal preferences, we see no reason why Hesperian College may not go on prospering and to prosper.

SACRAMENTO HERALD.—Mr. C. S. Major, one of the proprietors of that spicy little favorite paper the Sacramento Daily Evening Herald, called on us during the week week canvassing our town and county for his paper, and informed us that he had met with very flattering success. The gentleman who started and are carrying on the Herald are all practical printers, who by their muscle and brains are endeavoring to establish for themselves a legitimate and honorable business. We bespeak for them in this community the encouragement they deserve.

## The Campaign Begins.

A County Convention of the Democracy has been called by the Committee on whom that duty devolves, to be held in Woodland on the 26th of June, for the purpose of electing Delegates to the Democratic State Convention to be held in San Francisco June 29th. Primaries are appointed for the election of Delegates on the 19th of June.

The Committee acted wisely in putting off nomination of county officers. There will be time enough for that in three months from now.

This campaign opens more auspiciously for the Democracy than any that has occurred in the last decade. The party is united and almost everywhere victorious. If proper management prevails, the result cannot fail to be the same here. The people are ripe for a change. They want to be rid of Republican rule once more; they want honest, economical government, and are looking to the Democratic party, the only organization that can grant them the relief they so much need and so earnestly long for.

This being the case our party should "trim ship" at the outset and slough off every burlesque that tends to obstruct our course. That is—and we will speak plainly—good men must be brought forward for public positions; good men and none other. With everything in our favor as regards the temper of the people, if the very best men are selected, success will surely be the consequence.

There are far too many office-seekers in this country; not alone in the Democratic party, but in all parties. This should not be so. The office should seek the man, the fact that a man puts himself forward for public office is no criterion that he is the proper person for the place he aspires to—rather otherwise.

There are good men in the Democratic party in every community, and they alone must be selected if the party desires to win. If this is not done, it deserves to be defeated.

We propose to go into the campaign on this basis. We know the principles of the Democratic party are sound and inviolable; that the record of its administration can be pointed to with pride. Now give the people an opportunity to vote for men of undoubted integrity and ability—men who are known to have honesty and stamina enough in their composition to carry out after election what they promise to do before they are nominated.

In the selection of Delegates these considerations apply with as much force as in the nomination of officers. Unless the fountain is pure the stream cannot be.

In these views we believe we are in harmony with the entire Democracy. With pure principles and pure men, we cannot fail of victory. Candidates must stand in line with the other great Democratic States of the Union.

THE ROSENBERG CORRUPTION.—San Francisco is getting to be terribly corrupt both in politics and financial management. It seems that property assessments have been bought off by paying money in advance to the Assessor, who is famous for assessing the property of the rich and poor alike according to value. The sworn testimony of these very men was bought up by the Assessor proves their guilt. By this means the city has lost thousands of dollars to its treasury and a believing official has enriched himself. The consequence of course is that the citizens who have not bribed the official referred to, have to pay more taxes to keep the city government running.

THE ROSENBERG CORRUPTION.—San Francisco is getting to be terribly corrupt both in politics and financial management. It seems that property assessments have been bought off by paying money in advance to the Assessor, who is famous for assessing the property of the rich and poor alike according to value. The sworn testimony of these very men was bought up by the Assessor proves their guilt. Board of Supervisors.

Board met on Monday last and continued in session over two days, transacting the following business:

The order appointing Commissioners for Reclamation District 100 on application was reconsidered and appointment rescinded.

Matter of Davisville road, continued. Road No. 3, also continued.

Report of Viewers of Patux Creek Canyon Road approved and damages awarded as follows: John DeWitt, \$100; B. R. Sackett, \$25; J. Wiggins, \$15; M. T. Cox, \$25; Henry Leander, \$50; Adam See, \$400. Ordered that the Auditor draw Warrants on the Road Fund so that amounts shall equal costs and that tender of same be made to parties named.

S. P. Barnes road, action same as above, with the following damages allowed: To L. Burr, \$40; G. Glascock, \$40; Martin Helms, \$25; J. Root, \$100 and costs to ditch west side of road; E. Jacobs, \$150; George Glascock, \$300. Ordered that tender be made as above.

Sam Haines road. Viewers ask further time. Each road. Hearing continued.

Oak Dale road. Same order. Road No. 107—By request of Surveyor Friel, further time was granted, so as to make report at next meeting.

John F. Baker was appointed Constable for Buckeye.

Order drawn on Hospital Fund in favor of J. P. Bullock for sending indigent sick East.

J. W. Peck proposed to furnish Hospital with water for 12 months, not less than six months in the year; also to supply Court House and yard for \$25 per month. Mr. Peck's proposition was accepted.

Clerk ordered to send Solano Board a copy of order passed by this Board in regard to Stephenson bridge, with bill.

Board adjourned till Friday noon.

Items from Vacaville.—Our correspondent at Vacaville says, under date of May 8th, Eight cars of iron have been received, and as the grading is all completed and what little bridging is required will soon be finished, track laying will commence immediately.

There will be no interruption to the work, and arrangements are all completed to have the cars running to Winters by June 1st.

Manifold & Theodore, of Vacaville, commenced building a branch store at Winters on Monday—about 30 by 60 feet, two stories, and a commodious basement for furniture—all to be finished in the latest style. They will open in July with an entirely new and extensive stock.

From the numerous applications for town lots, a healthy town is a certainty.

IRRIGATION PROJECT.—We see it stated that a meeting of all parties interested in having an irrigation canal run out of the Sacramento river, on the west side, through Colusa and Yolo counties, is to be held in Colusa on the 22d inst. It would seem that the way the present season has turned out to spur the people of the State to the necessity of a general system of irrigation, at least for the San Joaquin and Sacramento valleys.

ROAD DECLARED CLOSED.—As will be seen by advertisement, the Patux Creek Canon Toll Road is declared closed for the next three months by the Toll Road Company. What effect the action of the Board of Supervisors will have in this matter we are not aware, but hope it will induce the Company to reconsider their published determination and keep the road open to public travel.

THE CATHOLIC FESTIVAL.—We were unable to attend this interesting festival, but have learned that it was a decided success in every way, and that over six hundred dollars net proceeds remain as the financial result, the object of aiding the Church Building Fund has been accomplished. The attendance was large of all classes of our citizens.

OIL PAINTINGS AT AUCTION.—On Saturday next, May 15th, commencing at one P.M., A. G. Read will sell at auction, in the store of George Simpson and Leland's, a really elegant lot of paintings, superior to anything ever before offered in Woodland. They are to be sold without reserve, for the benefit of the owner.

A NEW FIELD.—Professor J. M. Martin, so long at the head of the Faculty of Hesperian College, has been tendered the same position in the Christian College at Santa Rosa, whither we are informed he has gone to complete negotiations. As a thorough and accomplished educator Prof. Martin has few superiors.

KNIGHTS LANDING PICNIC.—This affair passed off very pleasantly indeed, in Snowball's Grove. After literary exercises, interspersed with music, etc., Miss Lucy Hoyt was crowned May Queen, Miss Nellie Reed gracefully performing the ceremony. Everybody enjoyed themselves.

GORMAN AGAIN.—The Washington correspondent of the Chicago Tribune says: "George C. Gorman, Secretary of the Senate, has left for California, where he intends to enter upon an active campaign to secure the nomination for Governor."

M. E. CHURCH SERVICES.—Rev. J. B. Fish will preach at the M. E. Church Sunday next, May 16th, at 11 A.M. and 8 P.M. Subjects: "Morning, 'Christian-like Suffering'; evening, 'Christian Upwardness.'" All are invited.

HESPERIAN GRADUATES.—The following persons graduated with honors from this institution at the close of the term last week: Miss Lucy Loveland, Miss Mollie Nelson, B. F. Clark, and H. M. Goin.

R. R. MEETING.—A meeting of the stockholders of the Woodland, Clear Lake and Humboldt railroad is advertised to take place at the Court House on Saturday, May 23d.

BAPTIST PREACHING.—The Rev. J. C. Baker, (Baptist), of San Francisco, will preach at the Court House next Sunday evening, at 7 1/2 o'clock. All are respectfully invited.

TOWNSHIP HIS HON.—Why didn't the Board of Trustees of Hesperian College resign in a body when Prof. Martin thought they should?

ANOTHER PROFESSOR.—We learn that Professor Grant, of Fulton, Mo., has been engaged as one of the College Faculty for next year.

POSTMASTER.—Among the new appointments of postmasters we notice that of Abraham Haines, of Cache Creek, Yolo County.

Montgomery Queen's Great Menagerie and Circus.

This mammoth exhibition will take place in Woodland on Saturday, May 23d, afternoon and evening. The following mention is from the daily San Francisco Chronicle:

"On Tuesday evening next Montgomery Queen's circus gives its closing performance in this city. During the three weeks of its stay it has met with a success quite unprecedented, and which has secured for it the highest of all honors, the approval of the public."

"It is undoubtedly the best show of the kind in the country, has never before been seen here, and is a rare and valuable entertainment. The crowds that night after night have flocked to the well-appointed mammoth tent, have testified to the public appreciation of the untiring efforts of Mr. Queen to provide an entertainment unequalled of its kind. The magnificent attraction of the monster circus has undoubtedly been the riding. It could not be otherwise, for no one manager in the country has so successfully combined the equestrian arts as Messrs. Robinson, Fish and Miss Mollie Brown and Romeo Sebastian. TOWN LOTS AT AUCTION.—The proprietors of the new town of Winters in this county, the northern terminus of the Yosemite Railroad extension, located on the north bank of Patux Creek, about four miles southwest of Buckeye, will sell the lots of said town at auction on Saturday May 23d, commencing at 10 A.M. having engaged Col. J. W. Hawkins as auctioneer. That quite a town will spring up at Winters there can be no doubt, and the lots will be likely to sell readily.

DIED.—In Lee Centre, Ill., May 6th, Mrs. D. Frost, mother of C. S. Frost, of this place, aged 78 years.

THE NATIONAL GOLD MEDAL was awarded to Braxator & Hudson for the best photographs in the United States, and the Vienna Medal for the best in the world. 429 Montgomery Street, San Francisco.

DIED.—In Lee Centre, Ill., May 6th, Mrs. D. Frost, mother of C. S. Frost, of this place, aged 78 years.

IMPORTANT.—Endorsed by the Medical profession, Dr. W. M. HALL'S BALSAM FOR THE LUNGS cures Coughs, Colds and Consumption, and all diseases of the Throat and Lungs. TOWNLEY'S RHOCHACHE AND DYSENTERY CURE. BOTTLED BY DR. HENRY J. CELESTINE, JR., 111 BITEES has been successfully used throughout the United States, as an infallible restorative and healthful digestive medicine, for the relief of indigestion, loss of appetite, general debility, nervousness, fever and ague, and all diseases of the stomach and bowels, it is without an equal. They are composed of the most effective ingredients, and will prove a safeguard against the attacks of dyspepsia and liver complaint. ap18-3m

Health the Source of Happiness. The relaxation of the nervous system, which creates an indisposition to mental or bodily action, is of very frequent occurrence. It is found that a torpid liver, debilitated stomach or deranged bowels are the great causes. For such cases Dr. HENRY J. CELESTINE, JR., BITEES has been successfully used throughout the United States, as an infallible restorative and healthful digestive medicine, for the relief of indigestion, loss of appetite, general debility, nervousness, fever and ague, and all diseases of the stomach and bowels, it is without an equal. They are composed of the most effective ingredients, and will prove a safeguard against the attacks of dyspepsia and liver complaint. ap18-3m

THE WEAR AND TEAR OF CITY LIFE. The wear and tear of city life is a severe tax upon the strongest constitutions. The hurry and bustle and anxieties of business keep the nervous system in a state of tension during business hours, and in the end impair the elasticity and vigor of the vital organization. The penalty of all undue excitement is subsequent exhaustion. The best remedy for it, whatever the cause, is Hostetter's Stomach Bitters, the tonic and restorative properties of which rapidly diffuse themselves through the entire system, revive and reinforce every weakened faculty, and restore a natural condition of body and mind. Some moral reformers insist upon the disuse of all stimulants. This, to say the least of it, is irrational. All competent physicians admit that a pure medicinal stimulant is one of the most useful remedies known. As a tonic and invigorant for the aged and languid, Hostetter's Bitters has no equal. It is the sweetest and most palatable of all medicines, and its action is upon the system through the natural juices which nature has provided. ap18-3m

It is Ascertained as a Fact That every citizen who has turned his attention to the introduction of the New Family Sewing Machine in his locality, or who has been fortunate enough to secure an agency, has outstripped the best efforts in making money of the old and tried agencies of the cheap machines, which latter they now replace. The demand is enormous, and sales so rapid and money made so readily with so little effort that Farmers, Tradesmen, Speculators, etc., are flocking to the supply of as fast as they can secure territory and get their goods on the ground. It is a recognized fact that people will buy the best at the lowest price. It is certainly the Machine of the times and the most profitable work as well as an article for it is astonishing to see the vast amount of labor it performs at the lowest price. The inventors are daily inundated with testimonials of the worth of their new machines which so suddenly and successfully have become popular. It proves to be just what is wanted in every day, by every one, everywhere, who has a family. It has attained an enviable reputation in many thousands of homes and factories, for its solid construction, power, rapidity, simplicity, certain, and ease of operation, its extreme beauty, and reliability of its sewing, while the wonderful low price (Twenty Dollars) is a large and complete Sewing Machine with a strong table and treadle, places all idea of competition entirely out of the question. It stands alone in its merits and price. We advise you to invest in one at once for your wife, daughter, Mother, Sister, or Lady Friend and make home happy, or put them in your factory, or what is better if you are lucky enough, secure an agency. If there is none in your town, send money yourself. The many new attachments for doing extra fine, difficult and difficult work, are a surprise to their simplicity of construction and far below cost. It is safe and will be delivered safe at your door, no matter how remote you may reside. If you write for them, Address, ALFRED J. FALKNER, Manager, P. O. Box 320, N.Y.

We Must Die.  
BY MISS L. J. J.

The scenes of this life—how dear to each heart,  
But they soon shall change—we soon depart;  
How dear to our heart is each friend—how dear,  
But we shall not long be together here;  
The hands that grasp ours so warmly to-day,  
May to-morrow be crossed over a breast "neath the clay";  
The lips that speak cheering words to us to-day,  
May to-morrow cease speaking for ever and say:  
For we must die—all must die.  
We cannot say now what next year we'll do,  
For our hearts may cease beating ere the fair Spring is through;  
The summer's calm breeze may sweep o'er our grave,  
The willow's drooping branches above our hearts wave—  
For we must die—some time we must die.  
How vain to struggle for wealth or for fame;  
How useless to toil for a great sounding name;  
How useless to build a city in mansions high,  
To meet the curious gaze of the passer by;  
When we must die: soon we must die.  
And all that we cherish in this vain world below,  
We shall leave, but how soon none of us know;  
We look on our childhood's home with a sigh,  
We are sad when we pass the haunts of youth by—  
We know we must leave them, for we must die.

We look on the grave with trembling and fear,  
For we know not how soon our time will depart—  
We look up with joy towards heaven's blue sky,  
Then stop with a shudder, and a long drawn sigh—  
For first, before tasting heaven's bliss, we must die.
